

Celebrating 80 years of member service!!!

Traveling with Visa?

A reminder to our members who plan on using their New Century Visa Card when traveling. Please let us know so we can place a Travel memo on your Visa account.

This lets Visa and our Fraud protection company, Falcon, know that you will be making purchases outside of your normal spending habits. Our Fraud protection company may still call you to verify purchases even with the Travel memo on your account. If you plan to travel outside the US, please be sure to let us know so your international purchases will be allowed.

Make It a Family Affair!

We've all heard that membership has its benefits. Just one of the many benefits of your membership in the credit union is your family members can join also. Grandparents, parents, brothers, sisters, aunts, uncles and cousins are all eligible to join the credit union because you are a member.

What better place to teach a child to save than a credit union that doesn't charge fees because of their small balance like many financial institutions. Or a trusted place for a family member to borrow from when a need arises.

Why not share your credit union benefit with your family and let them enjoy the credit union benefit too!

eStatements Available on Home Banking

Need your statement fast? Sign up for eStatements on your Home Banking account and have your statement available the first business day of the next month! We'll even notify you by email that your statement is available.

Print it at home or go green and reconcile it without printing it at all. No more waiting for the mail to deliver it. Have it available any time you want to look at it.

You'll also help us go green as we will not print and mail a paper statement when you sign up for the eStatement service.

We'll be happy to help you get this service set up, just give us a call anytime!!!
